you are stealing from your own future by spending money that you could put in the Bank now

IF YOU PUT MONEY IN THE BANK NOW IT WILL GROW INTO A FORTUNE AND KEEP YOU SOME DAY

The above statement is absolutely true. You are spending not alone the money but the FUTURE of that money. That money will some day make a goodly sum which would insure you COMFORT in your old age or protect your family should you die. Make OUR bank YOUR bank

STATE BANK & TRUST CO

Stanifer's Special Sale.

Mr. Joe Stanifer is in the midst of a special sale of clothing, shoes, in fact everything in his line at remarkably low prices. This is an unusual opportunity to secure a fine assortment of clothing, etc., at greatly reduced prices.

Boyle County Farm Sold.

Real Estate Agent R. D. Bruce, of Danville, sold the 170 acre farm belonging to C. H. VanArsdell, lying on the Hustonville pile three miles from Danville, to W. T. Davis and E. T. Lear, of Burgin, for \$20,000. Possession given March 1—Interior Journal.

How About It, Shelton?

There isn't a finer young fellow or more able newspaper man in the State than Shelton Saufley, of the Stanford Interior Journal, but honest Injun, and just between us girls, did Shelton really truly expect his bill reducing the per diem of himself and his fellow legislators from \$10 to \$5 a day, to be passed?—Todd County Times.

Fertilizers for tobacco, wheat or corn land. Ask us about them. Richmond Coal & Supply Company. Phones 93 and 110. 21-1f

Deserved Compliment to Citizen of Richmond.

The Lexington Leader of Thursday contains the following deserved compliment to one of Richmond's most highly esteemed and progressive citizens:

Capt. John R. Pates, of Richmond, for years passenger conductor on the L. & A., and who is known by every man, woman and child on the line between Beattyville and Frankfort, was in the city a few hours yesterday. Capt. Pates is now superintendent on that line, with headquarters at Richmond. He is one of the best all-around men in Kentucky, and is as efficient in his new capacity as he was in pulling the bell cord.

Dr. Snowden Here.

Dr. John A. Snowden, en route to Winchester, from Paint Lick, stopped off in Richmond a few hours Thursday and spent a part of the time in the Climax office. The genial, whole-souled physician, who carries a smile which cannot be effaced, is quite jubilant over the prospects of amassing a fortune as a result of the recent discovery on his property, in Clark county, of a valuable slate quarry. If the deal now on between the Doctor and an Eastern syndicate is consummated, the editor of the Climax has an invitation to visit Winchester and take "several" at the expense of the genial physician.

Good Storeroom For Sale.

Newly built storeroom, 20x54 feet, on lot 105 feet front on Irvine street and 175 ft. on railroad; room enough for lumber or coal yard, or suitable for warehouse for any purpose. This is a splendid stand for selling goods; in thickly settled section. D. W. Vandever, Phone 140. 21-1

Sale Begins Friday.

Messrs. J. and C. P. Waggers, who conduct a general store at Kirksville, have had attractive hand bills printed at The Climax office, advertising a special sale at their store to begin next Friday and continuing two weeks. These gentlemen are offering many bargains in clothing, boots, shoes, etc.

FOLEY KIDNEY PILLS FOR RHEUMATISM KIDNEYS AND BLADDER

WORM LOSSES IN STOCK

Sheep and hogs, also horses and cattle, always are subject to deadly attacks of worms. These ravenous pests multiply by the million, starve your stock, keep them poor, weak and out of condition.

SAL-VET Kills Worms

It is a wonderful, medicated salt—positively guaranteed to kill and expel all stomach and free intestinal worms. Used by leading stockmen, not only to kill worms, but to condition stock, sharpens the appetite, tones up the system and puts them in fine shape to get top-market prices.

Sal-Vet is known throughout the country as the greatest worm destroyer and conditioner. Costs less than 1 cent per head a day for each sheep or hog; a trifle more for other stock.

Remember, It's Guaranteed

FOR SALE BY
W. D. Buckley & Co

Mr. Noland Declines to Go To Danville. Mr. Tevis Hugueley Appointed in His Place.

Mr. John Noland, who was recently appointed deputy income tax collector for the 8th Internal Revenue district, with office at Danville, has tendered his resignation and D. Tevis Hugueley has been appointed to the position. This was tendered Mr. Noland unsolicited, and while he was considering the matter, he received the appointment and was ordered to report for duty at Danville Jan. 19. He went to that city with the intention of refusing to qualify. However, upon the urgent request of Collector Hughes he qualified and served until Jan. 30, when his resignation was tendered and accepted. Mr. Noland wrote the following letter to the Commissioner of Internal Revenue, W. H. Osborn, at Washington, stating his reasons for resigning:

Dear Sir—Having recently received an appointment from your department as deputy income tax collector for the 8th Internal Revenue district of Kentucky and finding it impossible to arrange my business in Richmond so that I can go to Danville, I hereby tender my resignation, to take effect at once upon the receipt of this letter. I desire to express to you and to those who were instrumental in securing my appointment my sincere appreciation of the honor thus conferred upon me. My reason for tendering my resignation is that I feel that I cannot afford to give up my present business prospects as a lawyer at the Richmond bar for a salary of \$1,200. Hoping that my resignation will be accepted at once and assuring you of my high appreciation and thanks for the consideration shown me by your department, I am very resp't.

John Noland

Mr. Noland will continue in the practice of law in this city. This appointment came to him unexpectedly and was made upon the recommendation of Senator Oliver James and the newly appointed Collector, Hon. John W. Hughes from their personal knowledge of his fitness and ability to discharge the duties of the office. Mr. Noland is a native of Madison county, married a Mercer county girl and has many friends in both counties. Mr. Hugueley, the young man appointed in Mr. Noland's stead, is the efficient and capable deputy clerk of the Madison county court and is a nephew of Hon. J. Tevis Cobb. He also has many friends in his native county of Madison who will be glad to hear of his appointment. He will make a very competent man for the position.

John Noland

"I trust the year will be productive of greater prosperity to the paper and its completemt, and that it will receive a great many more names to be added to the list of its already large and happy number of subscribers."

"Thanking you in advance to be prompt in sending my paper, I remain, Yours very respectfully,

An Editor's Easy Life.

It is easy to be an editor. To run a paper successfully a man merely to be able to write poems, discuss the tariff and money questions, umpire a baseball game, report a wedding, saw wood, describe a fire so that the readers will shed their wraps, make \$1 do the work of \$10, shine at a dance, measure calico, abuse the liquor habit, test whisky, subscribe to charity, go without meals, attack free silver, wear diamonds, invent advertisements, sneer at snobbery, overlook scandal, appraise babies, delight pumpkin raisers, minister to the afflicted, pacify the disgruntled, fight to a finish, set type, mould opinions, sweep out the office, speak at prayer meeting and stand in with everybody, and a few hundred other things. And in addition to the above essentials, the poor editor has to print a paper once a week.

Reduced Prices at Sexton's.

Mr. John Sexton has an advertisement in The Climax, in which he has made a great reduction in prices on everything in the gent's furnishing line. Look up his advertisement and make your purchases while this reduction sale is in progress.

Reads and Appreciates The Climax.

The following letter from Loveland, Ohio, is deeply appreciated by us.
"Dear Climax—Please find inclosed \$1 as payment for renewal of subscription to 'The Climax,' which you can continue to send to my address. I have often been tempted to express in writing a few words of appreciation for yourself and the wonderful little paper which you so creditably represent. To be concise, for fifteen years past, I have been reading 'The Climax,' and have always found the reading of its columns a source of great pleasure and instruction. This opinion, I am sure, will be endorsed by all the Richmond and Madison county readers, whether at home or abroad; and I am quite sure if any one has the temerity to take issue with me in the praise of 'The Climax' he is, in my opinion, a niggard indeed."

John Noland

"I trust the year will be productive of greater prosperity to the paper and its completemt, and that it will receive a great many more names to be added to the list of its already large and happy number of subscribers."

"Thanking you in advance to be prompt in sending my paper, I remain, Yours very respectfully,

Mrs. L. W. Clark."

Come to Owen McKee, Richmond Ky. for dry goods and notions. Others do and why not you.

The Immigration Bill.

In addition to legislation suggested in the recent message of President Wilson, it is quite certain that Congress will shortly pass a law restricting immigration from foreign countries. Heretofore, immigration has frequently reached and slightly passed the million mark per year, but the year 1913 broke all records, and something like one million and six hundred thousand (1,600,000) were received into this country. Twenty and thirty years ago the immigration from abroad was of a very desirable quality, but the kind that is now coming in is largely from the south of Europe, and instead of being an asset to the country they become burdens. They are unwilling as a rule to work on our great farms of the south and west, and hundreds of thousands of them hang around the large cities, lured by the bright lights, and being out of employment much of the time, they become criminals, such as the "Blackhand Society" and the "New York Gunmen," or else they become paupers and thus a charge on the public. The Bill now before Congress provides, among other things, a literacy test, which will keep two-thirds of them out of this country. Such a law passed Congress twenty years ago and the last thing that President Cleveland did was to veto it, which is quite conclusive proof that the Bill was a meritorious law and the last thing that President Taft did was to veto almost the same identical Bill, which is quite conclusive proof that the Bill was a patriotic one. Mr. Wilson is the greatest statesman who ever entered the White House, and he is quite the opposite of Cleveland and Taft; and it is well understood that he will sign the Bill when it is presented for his signature. He has been outspoken on the importance of this matter and has frequently said that this should not be a dumping ground for the criminals, mischievous-makers and paupers of Europe.

Announcement.

The Kentucky Utilities Company wish to announce that in accordance with their customary broad policy of "Customers First" that the usual low prices on all things electrical will prevail during the year Nineteen Hundred and Fourteen. For your information they wish to state that this includes electric irons, grills, coffee percolators, toasters, vacuum cleaners, lamps, (Mazda, and others) fans, motors, etc.

The Company's District Manager invites criticism of service rendered, all such complaints receiving careful and prompt consideration at all times.

Will Not Publish Anonymous Communications.

As has been recently stated in these columns, the Climax will not publish any communication sent to this office unless a responsible signature is attached thereto. While this has always been our inviolable rule, the editor received a notice for publication which came in late for investigation, and not believing anyone would desire to humiliate this paper or embarrass innocent parties, we gave space to the anonymous item, which on its face had every indication of being authentic. The Climax had been in circulation but a few hours when we were notified by those supposed to be most interested that there was no foundation whatever for the published statement. This fact has impressed upon us the necessity of enforcing to the letter our rule never to publish any item which fails to carry with it a signature. This week we have received several interesting communications, but as they lacked signatures we were compelled to refrain from publishing. It is not the intention of the Climax to publish names of contributors, unless solicited to, but we must have the signature as evidence of good faith.

LEGISLATIVE PROBE AND EASTERN NORMAL

Senator Hall and his excellent committee of the Kentucky Senate have done and are still doing good work for the people of this State in investigating our educational and eleemosynary institutions. We particularly admire the spirit that appears to animate this committee in the pursuance of its work; a spirit both conservative and fair; a spirit of wanting to build up, not pull down; a spirit that while seeking to protect the State's financial interest is yet big enough, far-seeing enough to look beyond the dollar and see the good, the uplift for the great common people that our institutions, assisted by reasonable financial help from the State, are capable of. Many of the recommendations made by Senator Hall's committee, we believe, will redound to the good of the State financially and yet not in the least impair the usefulness of the institutions, but rather add to their usefulness.

While this is true in the main, we do believe their recommendations as to the Eastern Normal if carried out will be a serious error, a result that Senator Hall and his associates do not want. We of Eastern Kentucky, who daily come in contact with the advantages to a large number of our boys and girls, in but a few years to become the men and women, the fathers and mothers of our State, can see the benefits already manifesting themselves in many ways; notably, in the better grade of teachers in our country schools, the uplift of the character of our teachers as reflecting itself in their pupils.

As to the sale at this time of the Eastern Normal farm, we believe it would be a mistake. It has not had a fair trial as yet. It is the belief of a large number of our most successful farmers that the farm can and will be made a valuable asset and a source of revenue. It must be borne in mind that while State Examiner Goodpaster has recommended the sale of the farm, that his predecessor in office, Hon. Mc Kenzie Todd, if we remember correctly, strongly recommended the purchase of it. This is simply a difference of opinion between men, for we have great regard for Mr. Goodpaster and his methods. We admire him, but believe his judgment in this case is in error.

Be it remembered, also, that the farm was purchased by the unanimous vote of the Board of Regents. This Board is composed of men of the highest characters; men who have made success of their own financial affairs, and as above said, the farm experiment has not been given a sufficient trial yet. These men, while loyally submitting to the will of the General Assembly, are not yet satisfied as to the futility of the enterprise. Try it out thoroughly and if not a success, it can be readily sold at full value at any time. But to sell it just now will

be a mistake. Of this we have no doubt. It is almost the universal opinion. The Farmers' Union of this county, an organization numbering nearly if not fully 1,000 representative farmers of this county, held a meeting in this city Monday of this week and by resolutions entered a protest against both the sale of the farm and the cutting down of the appropriation. We have this information direct from Dr. Martin, the organizer and earnest worker for that organization.

We trust, too, that the annual appropriation will not be cut down. Already President Crabb and the Board of Regents have made their plans and laid the foundation for a great institution for the boys and girls who cannot hope for an education elsewhere, upon the basis of the original annual appropriation, and the cutting down of this would be a serious blow. No funds have been appropriated: no extravagance in management has been shown. Until these things take place, why enact any revolution which may cripple the institution? Ninety per cent. of the Eastern Normal students go back to their homes better educated, trained to think and with higher and nobler ideals of life and good citizenship. Why should not Kentucky have two great Normal Schools—the Eastern and the Western—for these are the schools to lift Kentucky from the unenviable position she has heretofore occupied in the list of illiteracy among the States.

We trust Senator Hall and his colleagues will not insist upon the recommendations that the daily press attributes to them. Give us a little time, Senator, and when "weighed" we will not be found "wanting."

THE "EXTRA HELP" BILL.

One of the early acts of the Kentucky Legislature after convening on January 6, was the passage of what is known as the "Extra Help" bill, appropriating about \$12,000 for the employment of extra help—doorknobs, clerks, stenographers, etc. We are not in a position to know whether \$12,000 extra help in addition to what was already employed was needed or not. Certain it is that \$12,000 extra help for a sixty-day session—\$200 a day—ought to employ, at fair compensation, a big lot of help, "and then some." This is not the point, however, we are driving at. The bill was passed and sent to the Governor for his signature. At the expiration of ten days, the time allowed by law for the chief executive's approval by his signature or his disapproval by his veto, the bill was returned *not signed* and therefore became a law without the Governor's signature. Upon the return of the unsigned bill the Governor sent a message to the General Assembly giving as his reason for not signing the bill that he felt that the General Assembly was in a better position than he to know what extra help was needed. An excellent reason on its face. It strikes us, though, that in ten days time he could have fully informed himself as to the situation and its requirements. In the latter part of his message the Governor informs the General Assembly that the bill as passed by that body was contrary to the Constitution of the State of Kentucky, and therefore *illegal*. If this be true, and we do not doubt it, for the Governor is himself a learned lawyer and thoroughly familiar with the Constitution, then he should have placed the seal of his disapproval, his veto, upon the bill upon the ground, if for no other reason, than of its *illegality*. This would have ended the whole matter.

Upon return of the unsigned bill and in the face of the Governor's message, Speaker Terrill, of the Lower House, and President McDermott, of the Senate, proceeded to appoint the extra help and thereby put the bill into effect. State

Auditor Bosworth has refused to pay warrants drawn on him in payment for extra help under this bill until Attorney General Grinnell gives his official opinion as to its legality. The strange part of the whole proceeding is that three high officials of the State, the Governor, Speaker Terrill and President McDermott should condone the putting into execution of a bill already passed upon by the Governor as illegal, and to say the least of it, strongly suspected in other quarters of being contrary to the Constitution of the State and therefore illegal.

The investigation of the Eastern Kentucky State Normal School has disclosed conditions and facts which are not yet fully explained. However, despite the fact that the president of the Board of Regents have exceeded their legal authority, it appears that they have acted with a view to increasing the usefulness and efficiency of the institution in question. One of the aims of the Eastern Normal is to teach teachers how to teach the children of Eastern Kentucky to be useful and prosperous citizens. In the past we have been preparing the rural pupils for teachers "so they could make a living without work," apparently unmindful of the fact that a large part of our population depends on the products of the soil for a livelihood. The teachers from the Eastern Normal School have begun to create an interest in scientific agriculture in the rural districts. Let the good work go on. It takes time to bring about a revolution in methods of farming. Give the Eastern Normal School a chance.—Irvine Sun.

A BILL has been introduced in the Legislature at the instigation of one of Kentucky's most admirable women; a woman who has done as much or more to wipe out illiteracy in the State than any other one person within its confines. The object of the bill referred to is to create an illiteracy commission to investigate the standing of Kentucky in the matter of adult illiteracy and to aid in eliminating it. This measure will carry no appropriation, but calls for voluntary service and is one of the most humane measures that has ever been offered to the General Assembly. If we can afford a Fish and Game commission, a Library commission and various other commissions, surely we can afford one to interest the teachers and people of Kentucky in aiding and enlightening the adult illiterates of the State. The bill predicts easy sailing for the measure, as its passage will not take from the treasury one penny, and we cannot believe a single Representative will cast his vote against a measure of such vital importance, especially when it does not incur any expense on the tax payers of the State.

REPRESENTATIVE DUFFY has introduced a bill in the Kentucky House prohibiting women over 18 years of age from wearing in public skirts of less width than 33 inches around the bottom. If this becomes a law we shall ask Representative Duffy to introduce a bill prohibiting men from wearing Adam's apples of greater circumference than six inches and showing above their collars more than five inches.—Cynthiana Democrat.

CONGRESSMAN STANLEY is claiming the entire State in his race for United States Senate, according to an interview with Mr. Cromwell, political writer for the Cincinnati Enquirer. We believe, however, the Congressman did concede Madison, and a few other counties would go against him.

Farmers Union Heard From.

The following telegram was sent Monday last to Mr. R. L. Barnett, State Secretary at Frankfort of the Farmers Union:

R. L. Barnett, State Sec. Farmers Union, Frankfort, Ky.

Ask law makers to enact banking laws to favor the farmers. Official request representing 1000 people.

W. K. Price, Pres.
A. J. Miller, Sec.
Wm. M. Martin, Organizer.

Circuit Court.

Circuit court convened yesterday morning with Judge J. M. Benton and Commonwealth Attorney B. A. Crutcher in attendance. Judge Benton's charge to the grand jury was strong and covered every infraction of the law. He spoke of the common practice of carrying concealed weapons and the dreadful consequences that have resulted in this and other States, and on this subject commented on the widespread determination and influence that is being brought to bear in an effort to stamp out this promiscuous and pernicious habit, which is largely responsible for the number of murders that are being committed throughout the State. He explained to the jury that houses of ill-fame in this city could, if there were any, be closed and the inmates forced to leave, as had in a large degree been done in Clark county.

The instructions along the line of corruption in elections were vigorous and the jury was charged to investigate and ascertain if any illegal methods was used by any candidate in the November election. Judge Benton spoke of the leniency of the court towards those who were indicted at the October term, but stated positively that hereafter those indicted for this offense would be given a jury trial and its verdict would be final. He further stated that any official convicted on this charge, even if granted pardon, would forfeit the office to which he was elected.

Concerning the illegal sale of whisky, Judge Benton stated that according to newspaper reports the county court and police court had the matter well in hand, yet the grand jury was instructed to investigate and lend all possible assistance in breaking up this violation of the law. The following gentlemen compose the grand jury: N. B. Deatherage, foreman;

Harvey Douglas, Elmer Parrish, James Noland, W. L. Blanton, Jos. Wagers, W. A. Arbuckle, W. D. Sanders, Wm. Jenkins, Wilson Tate, N. G. Todd, J. W. Guinn.

ALHAMBRA — TO-DAY.

MADE BLUNDER IN WARRANT

Curious Evidence Concerning a Telephone Message During a Police Raid in London.

London.—Curious evidence concerning a telephone message was given when the case was continued in which Mr. Daniel Webb, a turf commissioner, accountant of Salisbury avenue, racing, is suing Subdivisional Inspector Hamilton, stationed at Ilford, for damages for wrongful arrest and trespass.

Miss Martha Webb, daughter of the commission agent, said that when the raid was made on her father's premises the telephone bell rang. She found Inspector Hamilton with the receiver in his hand dictating to Sergeant Matthews, who was standing near him. She heard Inspector Hamilton say: "I am Dan Webb, £25 each way."

"Let me speak; surely we are to have justice," she said, but he pushed her away and went on dictating the words "Dan Jackson."

"I have got you there; you forgot to mention the name of the horse," said Miss Webb. She certainly thought it was a police plot.

Mrs. Wiggins, chief sick visitor of the Barking Sisterhood, said that when an envelope which contained money and a slip was put under her door in Salisbury avenue, she started to open it, thinking it was a subscription toward the Barking Sisterhood sick fund.

The envelope produced was not the envelope she took to Mr. Webb's house, as it was addressed in pencil and not in ink.

Evidence was given that an alteration had been made by a clerk on the search warrant, the number of the house having been altered from 17 to 19 and back to 17 again; No. 19 was searched.

Inspector Hamilton gave evidence, and the hearing was again adjourned.

FIND LOST WEDDING RING

Discovered by Daughter Who Was a Baby When Mother's Loss Occurred.

New Orleans.—Nineteen years ago Mrs. L. A. A. Gaal, residing at 2841 Fortin street, shook her wedding ring off her finger while cleaning tea leaves out of a teapot on the rear porch of her home. The little band of gold, which her husband had placed on her finger five years before, fell out in the grass and search by a dozen neighbors and to reveal a trace of it.

A short time ago it was found at the very spot lost by a daughter, Miss Viola, who was but three weeks old when the ring disappeared in the weeds.

"It's now treasured beyond anything in the world," said Mr. Gaal, with the happiness of a child over a new toy. "The ring is just as pretty and shiny as it ever was. Its long slender fingers have not burst a bit."

"My daughter was digging up the ring with a spadeful of dirt. She brought it to me and I was a proud man to slip it onto the third finger of my wife's left hand for the second time."

Dr. Horton's Lecture Monday Evening.

In the Epworth League course of lectures being heard from time to time in the Methodist church of this city, Dr. B. C. Horton, pastor of that church, delivered Monday night one of the most entertaining lectures that has been heard in this city for many a day. His subject, "Some Pictures Seen in a Homey Gallery," was a catch and attractive one and he handled it in a masterly way. It was a delight from start to finish. The speaker showed himself an artist in portraying real life. His pictures were so vivid that his audience saw and heard what the pictures represented. Some of his pictures were so ridiculous, funny that the audience was convulsed with laughter. We can still see and hear the preacher with asthma sailing down the street through rain and dark nests with his made-up rain coat on. Another picture was of an invalid husband in a Pullman car with the wrong man forgetful of the mustard plaster. Dr. Horton portrayed pictures of the sublime until his audience felt lifted up till only the high and holy seemed worth.

The speaker impressed upon his hearers the great influence that pictures exert in the home and that they not only help mould home character, but that the lesson taught by the picture reveals in unmistakable terms the character of the one who possesses or admires the picture.

The lecture throughout was greatly enjoyed by those who heard it. Those who failed to hear it can never know how much they missed.

PERSONALS.

Mrs. D. L. Cobb entertained at Bridge on Tuesday afternoon.

Mrs. Charles Jett has been quite sick with a grippe.

Mrs. James Tribble is quite ill at his home in the country.

Mrs. C. F. Higgins spent Thursday in

Lexington on business.

Mr. Arthur Merrill, now of Berea, spent last week here.

Mr. Clay Kauffman, of Lancaster, was a court day visitor here.

Mr. Thompson Burnam was over from Danville for the week-end.

Mrs. Roy Newman returned to her home in Knoxville, Saturday.

Mr. James W. Stone, of Lexington, was in Richmond, Monday.

Miss Marian Keene is visiting friends and relatives in Middlesboro.

Mr. Frazier Hilles, of Chicago, is visiting his mother, Mrs. J. P. Mann.

Mr. E. C. Wines, Sr., was in Lexington, Wednesday last, on business.

Mr. Clinton Dykes, of Clark county, was a visitor in the city Monday.

Mrs. Mary Neale Thompson has returned from a visit to Cincinnati.

Mrs. H. B. Hanger and Mrs. G. G. Corzelle spent Saturday in Lexington.

Mrs. Hubert Griggs has returned from a stay at Dry Ridge Mineral Springs.

Mr. Talt S. Todd left Monday afternoon for business trip to Maysville.

Miss Martha Burke, of Illinois, is the attractive guest of Miss Jane Stockton.

Mrs. Bessie Chenault is visiting her mother, Mrs. R. F. Spears, in Lexington.

Mr. Sidney Kelley, of Red Lick, Estill county, was a visitor in this city Monday.

Mr. Thomas J. Smith, of Frankfort, was in Richmond last week for a short visit.

Miss May James will be hostess this afternoon to the Mary Pattie Music Club.

Miss Margaret Covington is able to be out again after a week's illness of bronchitis.

Miss Frank Kaufman, of Lancaster, was the week end guest of Miss Van Greenleaf.

The Young Ladies' Bridge Club met with Miss Madge Burnam, Tuesday afternoon.

Mrs. Thomas Wells and daughter, of Frankfort, spent the week end with Mrs. C. H. Park.

Miss Lelia Wilhoit, of Nicholasville, official court stenographer, is in the city this week.

Mrs. J. C. Chenault is visiting her son, Mr. John C. Chenault and family, at Johnhanna.

Miss Sallie Miller has returned from a visit to her sister, Mrs. James Winn, of Winchester.

Miss Hester Covington spent the weekend with her parents, Mr. and Mrs. T. Covington.

Mrs. Simeon Hamilton, of Wiseman-ton, visited his daughter, Mrs. Harry Scrivner, Monday.

Miss Sydney White, of Danville, is the guest of Mrs. Ellen Gibson and other relatives here.

Mr. Newton Heacock and son, of Lexington, spent the week end with his son, Mrs. A. R. Denny.

Mrs. R. J. White is visiting her daughter, Mrs. Claud Park, nee Miss Lelia White, at French Lick, Ind.

Mrs. Chenault Duncan and children spent the week end with Mr. and Mrs. Joe Shearer, at Frankfort.

The Cecilian Club was delightfully entertained on last Wednesday afternoon by Mrs. T. D. Chenault, Jr.

Mr. Graham Brionaugh, who is a student at Berea College, visited Mrs. R. E. Turey from Saturday until Monday.

Mr. John F. Wagers, who has been very ill, is reported some better, much to the gratification of his many friends.

Mrs. Hanley Nippert, who has been spending two weeks with her sister, Mrs. Elmer Tate, will return

No Substitutes

RETURN to the grocer all substitutes sent you for Royal Baking Powder. There is no substitute for ROYAL. Royal is a pure, cream of tartar baking powder, and healthful. Powders offered as substitutes are made from alum.

Double Taxation.

The poor man buys a little house for \$3,000; pays \$250 or \$300 down on it, the balance as rent and the property is listed at \$3,000. He has to pay on the full amount, yet he may never finish paying for it. The Government does not try to hide it. Sure, it is of record. Then why hide the income tax schedule?—Cincinnati Post.

Aliens to be Excluded.

J. Q. Ward, executive agent of the Kentucky Fish and Game Commission, has prepared a measure which will be introduced into the Legislature, and if passed, will prohibit aliens from carrying firearms and securing hunters' license. The law is patterned after the Pennsylvania law, which has just been upheld by the Supreme Court of the United States.

M. M. Hamilton Says Something.

Mack Hamilton, the East Main street meat and groceryman, wants you to try his meat market. He is an old veteran in the meat business and knows "what is what." To avoid delay phone your orders early. He pays the highest price for produce, eggs, butter, dressed poultry, etc. Phone 614 1311.

Short Lent This Year.

People need only to consult a church calendar to see that this winter Lent will be the shortest one on record, due to the fact that it will begin on Feb. 12, the earliest since 1818. The reason for this early arrival of that season is that the ecclesiastical moon adopted by the churches hundreds of years ago, determines the date for Easter, which will be twice as great as that of Europe.

Masterlinck says the tango is "rather silly." If that is all, we can stand it.—Columbus Evening Dispatch.

Instance of the length to which society will go to keep up with the modern dances is seen in taking up of the "tango," which was danced in China 4,300 years ago.—Newark Evening News.

The tango has its accidents no less than foot ball. A Yale gridiron star broke his arm while tangoing with the bride at a Chicago wedding.—St. Paul Dispatch.

Many defenders rallying to the tango's support declare it is all right if properly done. But then most things in life are all right if properly done. The trouble is with the if.—Cumberland Times.

New Hats Trimmed With Vegetables.

'Twas bound to come. We have had hats trimmed with apples and hats trimmed with cherries and now, the experts declare, we are to have hats trimmed with vegetables, says a Paris fashion writer.

One of the new model hats just seen here, says the Paris scribe, was adorned with a couple of carrots, which nestle in folds of black tulle. On another model are three little cucumbers, accompanied by a small tuft of real grass.

Another curious "trimming" is a goldfish, which is a clever imitation, but looks rather out of its element in its surroundings of black silk plush and feathers to match. The coloring of the fish is superb, but that is about all that can be said for this new form of millinery decoration.

Above a cluster of red plums on a black silk toque rises an ostrich feather, the fronds of which are tied closely to the stem to within three inches of the tip, where the fronds all branch out, giving the plume the outline of a palm tree.

The new hats are smaller than ever and are nearly all constructed on the toque principal. They enframe the face of the wearer, more closely than ever, and in most cases are tilted considerably—sometimes partially covering an eye.

For Rent.

The residence on North street of Mrs. A. T. Million for rent for the year 1914. Call on or address Dr. R. E. Million, Phone 296. 19-1f

Fish And Game Commission Meets Tonight.

J. Quincy Ward, of the Game and Fish Commission, has issued the following letter and invitation:

There will be a joint meeting of the House and Senate committees on Game and Fish in the dining-room of the Capital Hotel in Frankfort, on Wednesday, Feb. 4, at 8:30 p.m. This meeting will be addressed by E. Lester Jones, Deputy Commissioner of U. S. Fisheries, and Chas. E. Brewster, U. S. Game Law Expert.

This meeting is open to the members of the House and Senate and to the citizens of the State. Messrs. Brewster and Jones will tell of what has been accomplished by the Government and it will be both interesting and instructive.

Those who are interested in the conservation of game and fish in Kentucky we hope, all who can, at least, may be present at this meeting. Their attendance will be very helpful to the Commission in securing the enactment of laws which are necessary for us to have. We would be very grateful if you will attend, and extend this invitation to all who are interested and urge their attendance.

The Commission earnestly solicits your co-operation and trusts it may have the pleasure of your attendance on the above date. Very truly yours,

J. QUINCY WARD,
Ex. Agt. Game and Fish Com'n.

O'd fashioned New Orleans Molasses and Country Sorghum.

FACTS AND FIGURES.

The chances of two finger prints being alike is less than one in sixty-four billions.

The only two animals whose brains are heavier than man's are the whale and the elephant.

The oldest royal dynasty in the world is that of Japan, which goes back unbroken 2,600 years.

The advantage derived from machinery in the United States is more than twice as great as that of Europe.

Equality of strength in both arms occurs almost twice as frequently with women as with men, more men than women being stronger in the right arm than in the left.

Sugar brought into this country from San Domingo was first cultivated near New Orleans in 1721. The first sugar mill was built in 1735. The first beet sugar was manufactured in 1870.

All our coffee has to be purchased outside of this country, but this does not deter the American public from using 870,000,000 pounds of it every year, or over 9 pounds for each man, woman and child in the country.

A French painter and physiologist, Louis Jacques Naudé Daguerre, discovered the tin-type, a process made known in 1839 at a meeting of the Academy of Sciences, in France, and called in honor of him the daguerreotype.

More than 30,000,000 sticks of gum are the annual output of American factories. All this stuff is made of chicle, which comes from a gum tree in tropics, the importation of chicle into the United States figuring up \$2,000,000 a year.

Sheep can go without water much longer than camels, according to Government bulletins, which say that sheep on the Nebo National forests in Utah go for 4 to 12 months without water, except for such moisture as the get from the dew and juice from foreign plants.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep." Mrs. Nancy M. Hanson, Harrisburg, New York. All druggists.

STEARNS & FOSTER

MATTRESS

FOUR GRADES OF SUPERIORITY

ANCHOR, WINDSOR, KENOX, STYLE A

GUARANTEED only when MATTRESS bears the STEARNS & FOSTER name

We have arranged for a Special Sale

On the celebrated Stearns & Foster Mattress and are offering this most comfortable, durable and sanitary of all mattresses, in selected patterns of the best qualities of satin-finish, dust-proof tickings—WITHOUT EXTRA CHARGE.

Beware of so-called "Special Sales" on "Cotton-felt" or "Felt" Mattresses—said to be the "genuine kind" and offered at such ridiculously low prices as are sometimes seen displayed. You do not know WHAT sort of material has been hastily STUFFED into the ticking. From a sanitary standpoint, it may be vile; unfit for any person to sleep upon. As for genuine comfort and durability, such mattresses are utterly worthless. It don't pay to buy them.

Stearns & Foster mattresses have a laced opening (Pat. applied for) through which you can see and examine the inside of the mattress you GET. That's the safe way to buy a mattress. You know what you are getting.

Stearns & Foster mattresses are made of clean, sanitary cotton; felted into hundreds of little webs forming many springy, buoyant layers standing nearly three feet high. These layers are then LAID BY HAND and compressed to ONE-SIXTH their original height and encased in the ticking; then tufted to just the proper tension so as to be soft, yet firm, half yielding to your figure, but supporting it in perfect relaxation.

You will say—

"I never knew a mattress could be so comfortable."

That's just what satisfied users of Stearns & Foster mattresses are saying.

You owe it to yourself to get one and enjoy rest that is refreshing—comfortable—healthful.

You don't have to be put to the expense and inconvenience of sending a Stearns & Foster mattress away to be "Made Over" or "Renovated." They never require it. An occasional sun bath keeps them fresh and clean.

Don't fail to attend this sale. Come today.

Select the mattress you want—now. Don't put up longer with that old uncomfortable mattress.

A comfortable night's rest on a Stearns & Foster,

Costs too little.

We'll give you a positive guarantee on every mattress bearing the Stearns & Foster name.

Feel Miserable.

Out of sorts, depressed, pain in the back—Electric Bitters renews your health and strength. A guaranteed Liver and Kidney remedy. Money back if not satisfied. It completely cured Robert Madsen, of West Burlington, Iowa, who suffered from virulent liver trouble for eight months. After four doctors gave him up, he took Electric Bitters and is now a well man. Get a bottle to day: it will do the same for you. Keep in the house for all liver and kidney complaints. Perfectly safe and dependable. Its results will surprise you. 50c and \$1. H. E. Bucklen & Co., Philadelphia or St. Louis. Feb

Born in a dirty, reeking slum
Where decent sunlight never come,
An' starved for food an' starved for air
Thro' all my years of boyhood there,
While ev'lti things an' low an' mean
Was nearly all the life I seen;
Of course, I grew to be a tough,
A hoodlum and a bad young rough!
But even then I might us been
Reformed to be more use to men
If every time I left the trail
They hadn't slammed me into jail
Where thieves an' all that rotten crew,
Would teach me worse than all I knew.
Oh, yes, I'm guilty, that is clear;
But every guy that's listenin' here
An' all you swells an' goodly folks
Who sniff at me an' such like blockes
Is guilty too—along o' me
An' will till the world is free
Of stinkin' slums an' rotten holes
That poison people's hearts and souls
An' cheats 'em from their very birth
From any decent chance on earth.
I ain't the kind to weep and whine,
But say, wat chance—wat chance was
mine? —Berton Braley.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Dean's Reguleus. They operate easily. 85c at all stores.

Your Hair Needs
PARISIAN SAGE.

Your Wages Stop When You're Sick!

You Can
Try This
Remedy
At Our Risk

YOU know what that means—Misery—Worry—Big Bills—Debts! You know you can't afford to get sick. Keeping in good health means food and clothing for you and your family. It's up to you to take care of yourself. It's up to you, whenever you don't feel right, to take something to make you right, to strengthen you, build you up, ward off worse sickness, **protect you and your family!** That thing we have, and in offering it to you we protect you against money risk, by personally promising you that if it doesn't protect you against sickness, **we'll give you back your money without a word or question.** It is—

Rexall Olive Oil Emulsion

It is the Best Remedy

When you are run-down, no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weariness, and builds you up to a healthy, normal condition.

It is a real nerve-food tonic, a real builder of healthy nerves, rich blood, strong muscles, good digestion.

It contains the Hypophosphites, to tone the nerves and give energy, and pure Olive Oil, to nourish the nerves, the blood, the entire system, and give vitality, strength and health.

It is pleasant to take, the greasy flavor of the Olive Oil having been removed.

For you who are tired out, nervous, run-down, debilitated, weak, emaciated—for convalescents—for old people—for puny children—we recommend Rexall Olive Oil Emulsion as the best medicine we know of to make and keep you well and strong.

We Make Our Living

out of the drug business right here in your town. It is our duty to give you the best remedy we can for whatever ailment you may have, and business sense demands that we recommend nothing unless we know it's good.

We know Rexall Olive Oil Emulsion is good. We believe it is the best builder of health, energy and strength there is made. We know it is greatly helping many of your neighbors. We believe that it will make you well and strong again, and save you money and worry in the end.

We feel it is good business for us to recommend Rexall Olive Oil Emulsion and get you to use it, because we know you'll thank us afterward for making our confidence in it so plain that you didn't hesitate to take us at our word. We also feel sure that once you have used it, you'll be as enthusiastic about it as we are and will recommend it to your friends. Read our money-back guarantee and get a bottle today.

We Guarantee This Remedy to Relieve and Satisfy You—or Your Money Back
We don't want your money unless Rexall Olive Oil Emulsion really helps and satisfies you. If it doesn't, come back and tell us, and we'll give back your money. We believe it will protect your health—if it doesn't, the money is yours, and we want you to have it.

Henry L. Perry

228 WEST MAIN STREET

RICHMOND, KY

Rexall Means "KING OF ALL"—Ours is The Rexall Store in this town.

The Doctor's Diagnosis.
A physician received a personal letter from Sears, Roebuck & Co., the Chicago mail order house. It was a well written appeal and closed by saying: "If there is any reason why you should not buy from us, please give us your reasons in the enclosed stamped envelope, and we will strive to remove the cause." The physician answered as follows:

"Your letter of recent date asking why I had not traded with you for some time, received, and you ask me to tell you frankly why. I will give you a few reasons:

"First—I am in business in this community and am looking to this community with its varied industries for my support. I cannot ask the merchants of this town for their support if I do not give them mine.

"Second—In looking over my books I fail to find either Mr. Sears, Mr. Roebuck or either of the company's names, which reminds me that neither of these gentlemen have ever given me a penny's patronage. Why is this? Am I too far away, or have either of you needed a physician, or are you afraid of the mail order plan when it comes to the practice of medicine? I can certainly give as good satisfaction by mail as your house can, and will appreciate a call from either of you when in need of medical service.

"Third—In looking over the subscription lists for improving our streets and public highways, I have failed to find the name of either member of your firm down for one penny to assist in the work. And I have failed to find your name on any of the charity lists where help has been rendered to our poor: in other words, you are not down as contributor to our Helping Hand Society. In fact, in all the movements for the betterment of our condition, where our community has needed the united efforts of her public spirited citizens, I have failed to find your name among the list of our contributing merchants. Your name is not on our city tax books, nor do I find where your firm has paid a city license to do a mercantile business in competition with our home merchants.

"These are a few answers to your questions, and I trust you will see the justice and logic of them."

Will not the people of Richmond and Madison county take into careful consideration the points contained in the doctor's letter before they buy goods from mail order houses? It means money to you to spend your dollars with the home merchants.

PLAIN TALK

From Two Prosperous Housewives, About Peru.

Mrs. E. T. Gaddis, of Marion, North Carolina, writes to the Peru Co., Columbus, Ohio: "Before I commenced to take Peru I could not do any hard work without suffering - great pain. I took Peru and曼吉, and can say with pleasure they have done more for me than any other medicine I have ever taken. Now I am as well as ever. I do all my own work and it never hurts me at all. I think Peru is a great medicine for mankind."

Mrs. Sarah Frye, No. 105 Sylvan Ave., Asbury Park, N. J., writes: "I have no words to express my gratitude for the wonderful cure that Peru has done for me. It is a godsend to all suffering women. Peru has done wonderful work for me."

"I was sick over half of my life with systemic catarrh. I want this letter published far and wide, as I was a great sufferer, but to-day I feel as well as anybody can feel."

"Nearly all my life I have spent nearly all I could rake and scraze for doctors, but none of them did me any good. But since I started on your Peru one year ago I have at last found relief in your wonderful Peru. I had begun to think that I was not going to get well, but thank God I am well to-day."

"I hope and pray you may live long to help others as you have helped me. Instead of being a walking drug store I am growing fat and doing well. I will never be without Peru."

Those who object to liquid medicines can now procure Peru Tablets.

We All Need Help.

The following from the late Bishop Simpson should be read and pondered over by everyone:

"I shall never forget the feeling I had once in climbing the great Egyptian pyramids.

"When half way up, my strength failing, I feared I should never be able to reach the summit or get back again. I well remember the help given me by an Arab hand, drawing me on further; and the step I could not quite make my wearied frame take—the little help given me, sometimes more sometimes less—enabled me to go up step by step, until at last I reached the pure air, and had the grand outlook from the lofty height."

"And so on in life's journey we are climbing. We are feeble. Everyone of us, now and then, needs a little help; and if we have risen a step higher than some other, let us reach down for our brother's hand and help him stand beside us. And thus, joined hand in hand, we shall go on conquering, step by step, until the glorious eminence shall at last be gained."

"Oh, how many need our help in this world! Poor afflicted ones, poor tempted ones, who have been struggling; not quite able to go up the step; trying, responding, hoping, almost despairing! Oh, give such an one help; a little kindly aid, and the step may be taken and another climbed!"

"Trying, failing; trying, responding; he may by a brother's hand be raised in safety and finally to glory."

Serious Catarrh Yields To Hyomei.

Do not let this serious disease extend along the delicate mucous membrane, gradually going from the nose to the throat, thence into the bronchial tubes and downward into the lungs.

There is no other treatment for catarrh that is like Hyomei or just as good. None can take its place, none can give such quick, effective and sure relief and at so little cost—furthermore, B. L. Middleton will refund your money if you are not satisfied.

Begin using Hyomei now—today—and see how quickly the droppings into the throat, the discharge from the nose, sniffing and all other symptoms of catarrh are overcome; and remember—no stomach drugging—you breathe it. The complete outfit, containing inhaler and bottle of liquid, costs but \$1. Extra bottles of liquid, if later needed, 50 cents.

Following In Our Footsteps.

The pathway of the bootlegger and the illegal vendor of spirituous liquors is becoming exceedingly rugged in the cities of Richmond and Danville, and many convictions are being had for these offenses. They are but following the course which has been pursued in Lancaster for so long these many years, until we have become noted for having a town that is absolutely free of such offenders. A bootlegger is never allowed to ply his trade for long in Lancaster and his first offense usually proves his undoing—Lancaster Record.

Buying To Save Money.

Buying Foley's Honey and Tar Compound saves money because just a few doses stops the cough and cold and one bottle lasts a long time. It quickly heals raw and inflamed surfaces, stops tickling throat, harsh, rasping coughs, croup, hoarseness, bronchial and la grippe coughs. All druggists.

NEWS NOTES

The Columbia Theatre in Paris was damaged by fire Saturday to the extent of \$5,000. Origin unknown.

Thirty cases of smallpox have been reported in Bourbon county and the authorities fear an epidemic.

Mrs. Lizzie Burnett, a widow, was shot and probably mortally wounded by an assassin at her home near Etoile, Barren county.

Formal charges of pernicious political activity were filed against J. P. Hutchesson, postmaster at Owenton, by Representative J. C. Cantrell.

The Senate passed the Alaska Rail Bill authorizing the Government to build 1,000 miles of railroad lines in the Territory at a cost of \$40,000,000.

Jesse Baker, confined in the Nichol'sville jail on a larceny charge, sawed through the bars and escaped. Other prisoners refused to go with him.

A large stock barn of F. B. Henry, near Carlisle, was destroyed by fire, together with its contents, including corn, hay and farming implements. Loss, \$1,000; no insurance.

Representative Ben Johnson, of Kentucky, twice knocked down John R. Shields, a Washington attorney, during a meeting of the House Subcommittee on the District of Columbia.

Dr. B. E. Manning, who was defeated for Representative from Montgomery by Samuel Turley, who died last week, has announced his candidacy to fill the vacancy caused by the latter's death.

The Board of Prison Commissioners have awarded a contract for the labor of 75 to 100 prisoners at the Eddyville Penitentiary to the Kentucky Broom Co., at 75 cents a day. This contract will begin February 1.

Representative David J. Lewis, of Maryland, "father of the parcel post," and chairman of the House Labor Committee, will address the Kentucky Legislature Feb. 2 on the question of workers' accident compensation.

Suit for \$5,500 was filed in the United States District Court in Lexington by Aubrey Harwell, H. F. Cannon and J. A. McCarthy, a firm of newspaper brokers in New York, against Mrs. Anna T. Roberts, widow of the late Samuel Roberts, of Lexington, alleged due to their commission for the sale of the Leader to R. C. Stoll and a syndicate of Lexington people. They allege a contract for 5 per cent on the first \$100,000 realized and 2 1/2 per cent for all above that amount. Mrs. Roberts claims the plaintiffs had no part in bringing the purchases to her and that she had no contract with them, although they solicited her to make one.

Maggie F., a prize show mare belonging to A. R. Spahr, was chloroformed at the age of 33 years. She was sired by Young Jim, out of a thoroughbred, and was never beaten in the ring. She was the dam of Wanderer, 2:08 1/4, and of Margaret, who made a record of 2:10 1/4 as a three-year-old. The mare died at the J. H. Cleland place, but the carcass will be erected at the Spahr farm, where her owner will erect a handsome shaft at her grave. Maggie F. had a record of 2:22 1/2 to an old-fashioned, high-wheeled sulky, which was much slower than a modern sulky. In a trotting ring at Richmond on one occasion she won a \$700 stake and immediately was shown in the roadster ring, carrying off a \$100 Persian rug offered as a prize.

The King of All Laxatives.

For constipation, use Dr. King's New Life Pills. Paul Mathulka, of Buffalo, N. Y., says they are "the king of all laxatives. They are a blessing to all my family and I always keep a box at home." Get a box and get well again. Price, 25c. All druggists or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.

Fertilizers especially adapted to land of Madison and adjoining counties, at the Richmond Coal & Supply Company's. Phones 93 and 110.

Will It Become The Custom?

If the eugenics law goes over in Kentucky, the News will soon be printing them like this: John Jones, blk. h., 23, Jones-Smith, and Mary Brown, ch. f., by Brown-White, were married at the corner drug store upon recommendation of Dr. James Pill, M. D., and Dr. Nopills, D. O.—Elizabethtown News.

HAVE YOU CATARRH? Is nasal breathing impaired? Does your throat get husky or clogged?

Modern science proves that these symptoms result from run down health. Snuffs and vapors are irritating and useless. You should build your general health with the oil-food in Scott's Emulsion—its nourishing powers will enrich and enliven the blood, aid nutrition and assimilation and assist nature to check the inflammation and heal the sensitive membranes which are affected. Scott's Emulsion will raise your standard of health to correct catarrh.

Shan alcoholic mixtures and insist on SCOTT'S

Here's a Good One!

In a moving picture theatre one evening there was thrown on the screen a picture of a group of young ladies preparing to disrobe and go in bathing in a wooded lake in the background.

At the close of the evening's performance, a man hurried out to the box office and throwing down a bill, demanded a seat for every night during the balance of the week.

"I'll be glad to sell them to you," ex-claimed the man at the ticket window. "We show the same pictures every night."

"I know you do," replied the purchaser. "But I'm an old railroad man and I know that freight train is not going to come every night."

Will Move to Winchester.

The Winchester Sun says: Mr. W. L. Cotton, of Richmond, will shortly move to Winchester with his family to reside. Mr. Cotton is a traveling salesman for the Quinn Milling Co., of Columbus, O.

Seeds.

Just received a lot of sweet clover, a special lawn grass and all kinds of field seeds. Get our prices before buying. R. H. McKinney, Second street. 25-1f

Court Dinner and Easter Bazaar.

The ladies in-charge of Patti A. Clay Infirmary will give an April court day dinner and at a place to be announced after the paper was in the hands of its readers. This is but another evidence of what an advertisement in the Climax will do for anyone who uses its columns.

Wholesale Grocery Moves To New Home.

Messrs. Arnold Hamilton & Luxon have moved into the new brick building erected at the L. & N. freight depot especially for their business. The new quarters are very convenient and commodious and the firm will be in a position to get out all orders with greater rapidity than heretofore.

New Militia Company Formed Here.

Adjt. Gen. J. T. Ellis, assisted by Lieut. Carl D. Norman, of Frankfort, mustered in a full company of militia for the Kentucky National Guard here Friday night. The company was organized in honor Gov. McCreary and promises to be one of the best in the State. Officers elected were: W. S. Broaddus, Captain; S. W. Norman, First Lieutenant; Lacy W. Green, Second Lieutenant.

Appointed Magistrate.

Gov. McCreary has appointed Deputy County Assessor Wm Adams to the office of justice of the peace for Magisterial District No. 1, this city. Judge J. C. Chenault, who was elected at the November election, could not continue to serve in this capacity without great sacrifice to his other duties, consequently resigned. The appointment of Mr. Adams will be a popular one and his administration will be a credit to all concerned.

GOOD TOBACCO CANVAS from two cents up at A. Dobrowsky. 25-1f

County Court.

The largest crowd seen here in many months attended county court here Monday, and our merchants enjoyed an unusual brisk trade. The mule and horse market was active with good prices prevailing, notwithstanding the great number offered for sale. Mules brought from \$350 to \$500 per pair, single mules ranging from \$150 to \$250 per head. About 1500 head of cattle at Madison Stock Yards, most of which sold from \$5 to \$8 per cwt. Many sales made by the head and weighed afterward, proved to cost the purchaser as high as \$8.50 per hundred. About 300 head of hogs were sold at 8c.

Moved to Fayette.

Mr. Sam Willoughby and family, of College Hill neighborhood, have moved to Fayette county to reside. He has ordered his Climax to follow him. Mr. Willoughby says the love of himself and family for Madison county, where they have spent the larger part of their lives, may some day draw them back to their old home. Madison hates to lose good people like they are.

Mr. Cohen Mentioned For Commissioner.

Monday's Lexington Herald has the following to say regarding a former Madisonian:

"Mat S. Cohen, the well known saddle horse exhibitor of this city, has been urged by his friends, including many of the members of the present legislature, to become a candidate for the office of Commissioner of Agriculture at the expiration of the term of the incumbent, according to the State Journal of last Friday.

"Mr. Cohen was out of the city when a Herald reporter called to get an interview with him on the subject and could not be located on the long distance telephone. He is at present live stock agent for the L. & N. railway, with headquarters in this city, and has a wide acquaintance with live stock people all over the State, especially with horsemen, and would have a strong following for any political preferment should he care to accept it.

"For several years he has been one of Kentucky's most successful trainers and exhibitors of saddle horses, many of the State's equine celebrities having been shown by him. He is known by reputation all over the country."

Groundhog Day.

Monday, February 2, was groundhog day. That old gentlemen no doubt came out to take a peep at the situation and if the time honored traditions attributed to his honor are correct, we are to have forty days of ugly weather, but if they are to be no worse than what we have had there will be no cause for a kick on the part of any one.

Judge H. C. Rice III.

For some weeks Judge Rice has been suffering with a severe attack of rheumatism. The disease attacked his feet and was more in the nature of rheumatic gout. He partially recovered and came out too soon, then had a relapse even more severe than his first attack. He has been and still is an intense sufferer. Judge Rice is very popular with all who know him and his friends are hoping the worse is over.

MARRIED

Mr. Green Parson and Miss Ina Prentiss, both of Kirkville, were united in marriage in this city last Wednesday. Rev. O. J. Young officiating.

At the home of Rev. E. B. Barnes, on Lancaster avenue, last Saturday at five o'clock p.m., Miss Mary Hamm and Mr. John Moores were united in the holy bonds of matrimony. The groom is a prosperous and popular young farmer of the Newby locality. The bride is one of Madison county's most efficient school teachers, being a graduate of the Midway Orphan School and also the Eastern Kentucky State Normal School. She will make the man of her choice an ideal companion and helpmeet. Both are adored by all who know them and are very popular with their numerous friends. May their married life be a long and happy one.

Mr. Ernest Cox and Miss Gracie D. Million, both of the Valley View neighborhood, drove to the home of Rev. G. C. Stocker, near Richmond, and were united in marriage on the 2nd inst. They are prominent young people in the community in which they live, and their many friends wish them peace and happiness on life's journey.

Mr. Thomas Sale, formerly of this county, but now a resident of Sherman, Texas, and Mrs. Edward W. Powell, were united in marriage Thursday evening at the home of the bride's nephew, John Harris, in Louisville. The groom is a son of the late Webber Sale, who left Madison county many years ago for Texas, and is well remembered here by a host of friends. The bride was the widow of the late Edward W. Powell, and is an exceedingly popular lady. The happy couple returned to this city Friday and are comfortably domiciled at the home of the bride, on West Main street.

DEATHS

The death of Mr. Wm. Dunn, at his home near Union City, last Wednesday, was the cause of widespread sorrow in that section. Mr. Dunn had been in poor health for some time, due to Bright's disease, and while his death was not unexpected, it came as a severe shock to his family and friends. Deceased was about 60 years of age and was a consistent member of the Christian church. He was one of the best known farmers in Madison county and was popular with all who knew him. His funeral was conducted at the residence Thursday by Rev. Wm. Peel, of Nicholasville, followed by interment in Richmond Cemetery.

The death Saturday of Mrs. Louise R. Ballard, at her home on Smith-Ballard street, came as a surprise to the entire community. Though being in poor health as a result of organic heart trouble, her demise came rather unexpected, as her condition was not considered alarming even up to the hour her spirit departed for the unexplored realms of an unknown world. Deceased was the wife of Mr. E. D. Ballard, one of Richmond's oldest and most respected citizens, and was a life-long member of the Christian church. She was 72 years of age and had been a resident of this city and county more than forty years, and is survived, in addition to her husband, by one daughter, Miss May Ballard, to both of whom the tenderest sympathy of the entire community is extended.

Funeral services were conducted Sunday afternoon at 3:30 o'clock by Rev. E. B. Barnes, followed by interment in the Richmond Cemetery.

FOR RENT—Good storage room.

Apply to A. Dobrowsky. 25-2t

Friends of Eastern Normal.

Mr. W. M. Martin, State organizer of the Farmers' Union, tells us that the Madison County Farmers Union sent Monday night to Speaker Terrell, at Frankfort, a night telegraphic letter protesting against any legislation that might in the least impair the usefulness of the Eastern Normal School, especially against cutting the annual appropriation and sale of the farm. The Union in this county represents near one thousand farmers, thoughtful, earnest business men, and their action can safely be taken as an index of the feeling of our entire county, in fact of the entire eastern section of the State.

\$50 Fine.

Henry Collins, who was arrested by the police Monday, was given a \$50 fine in police court yesterday on charge of having whiskey in his possession for the purpose of sale. The police secured eleven quarts of booze which is in possession of the court.

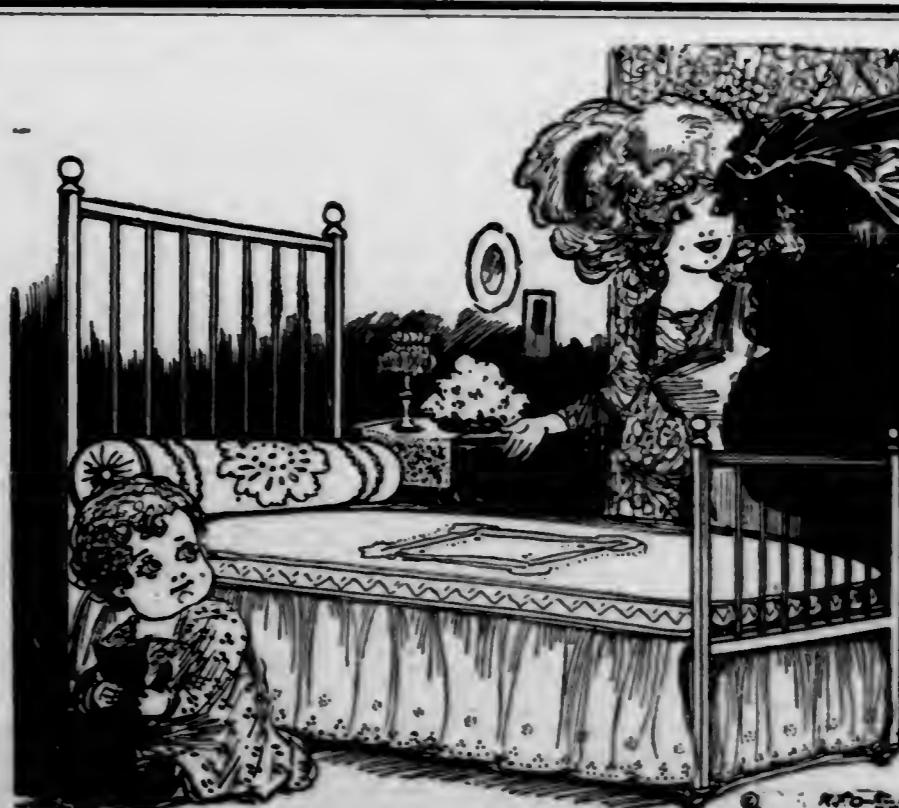

Madisonian in Lexington.

The Lexington Leader of Friday says: Mr. Chas. D. Miller, a prominent farmer of near White Hall, Madison county, has been the guest for several days of his father-in-law, Mr. K. L. Gentry, of Rose Lane. Mr. Miller is a brother of A. D. Miller, one of the proprietors and editor of the Richmond Climax, and was for a number of years connected with that excellent paper. Realizing, however, that there is more money in raising fat cattle, cultivating "garden sass," and gathering eggs by the bushel basket full at 40 cents a dozen, than dabbling in printer's ink, he wisely hearkened to the call of "back to the soil" and became one of those gentlemen agriculturists who have only to sit back on their front verandas, view their broad acres and watch their fortunes grow. Mr. Miller has been making a specialty of poultry raising of late and is one of the largest poultry raisers in his section, although he does

not discount the value of fat cattle, for which "Old Madison" is justly celebrated.

A Prayer.

I had the pleasure of being present at the opening of the lower House of the Legislature last Thursday. The Speaker called the House to order and asked the minister who sat by him to offer prayer and this was his petition: "Oh, God, so enlighten the minds of this Assembly and fill the heart of each member with love and give them the will power and courage to do what their enlightened minds and their hearts of love dictate should be done for the people of this State. Amen." I thought it one of the best and shortest prayers I ever heard and commented on it to an old gentleman, one of the members, sitting by me, and he agreed with me that it was good and to the point, "but," said he, "mister, it will take a longer prayer than that to keep them fellows straight!" W. B. S.

Are YOU prepared should company come?

Mrs. Homelover:-

Do not wait until you EXPECT COMPANY to buy that new furniture you need. If you do, you will be too tired-out to enjoy your friends' visit. Furnish your home now completely, and when visitors come, you will be proud of your well-appointed home. You will be care-free and fresh and be a delightful hostess. We have all the newest designs in furniture and will make terms to suit your convenience. A dollar or two a week will do.

Telephone 474

RETAIL DRUGGISTS OF RICHMOND RECEIVE A "TAR HEEL" REMEDY.

A Vapor Treatment in the Form of a Salve—Relieves Colds Over Night, Croup in Fifteen Minutes—Druggists Will Give Away 25-Cent Packages Free.

The local druggists will soon receive from North Carolina, the "Tar Heel" State, a remedy for all cold troubles that is entirely different from the usual run of cough syrups and cold tablets.

It is in the form of a salve that is vaporized by the heat of the body when applied to the throat and chest. These antiseptic vapors are inhaled with each breath and combined with the absorption of the preparation through the skin, give almost immediate relief in even the worst cases of croup and relieve head and chest colds over night.

But the fact of most interest is that about this new treatment is that it is external and can thus be used with perfect safety on the youngest member of the family.

In cases of incipient pneumonia or severe colds, first apply hot wet towels to open the pores of the skin, then rub the salve in well and cover with a warm flannel cloth. Leave the covers loose around the neck so the vapors arising may be freely inhaled. The next morning you hardly realize you had a cold as

Burley Tobacco Society Sued.

The city of Lexington this week instituted in the Fayette circuit court a suit against the Burley Tobacco Society for more than \$70,000, alleged to be due for taxes on tobacco and other property for the years 1910, '11 and '13.

Preferred Bacon to Jewels.

The Lexington Herald says that the Pittsburgh burglar who "passed up" \$600 worth of jewelry and carried away instead 22 pounds of bacon and 3 dozens of eggs, should be captured by all means and put at the head of the regional bank system. That sort of financial acumen has to be born in a fellow.

Can't look well, eat well, or feel well with impure blood. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean, and good health is pretty sure to follow. \$1.00 a bottle.

Newspapers Fail.

An official report just issued states that 32 papers in the United States are failing each week. In other words, almost one paper fails each week in every State in the union. One of the most difficult business propositions is to establish a new paper upon a self-sustaining basis and thousands of dollars are lost annually in efforts to launch new mediums of publicity.

It's Best to do Right.

There is but one rule of conduct for man—to do the right things. The cost may be dear in money, in friends, in influence, in labor, in prolonged and painful sacrifice; but the cost not to do right is far more dear. You pay in the integrity of your manhood, in honor, in truth, in character. You forfeit your soul's content and for a timely gain you barter the infinites—Mt. Sterling Advocate.

Distemper Cure.

Dogs are now made immune to distemper by vaccination, a writer in the "Country Gentleman" asserts. "My puppies were inoculated with a distemper vaccine when they were 3 months old, and they passed the danger zone without a single symptom of the dread disease." Distemper says the dog owner, is the deadliest malady known to the friend of man, and all dogs should be immunized before they are a year old.

A Plea for Purity and Honesty

We trust the present Legislature will legislate for the benefit of the people, and not for a few henchmen to get fat jobs. Let the hangers-on go to work for a living as we have to do. There is plenty for them to do. Then, if this Legislature fails to do its duty, the papers of the State should unanimously condemn it, and point out who is at fault, and see that the negligent individual members are not sent back any more. Let us purify our party, and bring a correct legislature through the medium of the Democratic party and to do this, we must advertise the mistakes of individual members and give all persons elected to office to understand that we will not stand to be sold out further. When we do this, we will attract honest men to our party, but to cover up the sins of our party, only further encourages it to go astray.—Clay City Times.

Special Notice.

W. T. Mansfield & Co., are at the old stand for the year 1914, on East Main street, near the L. & N. depot. Thanking our friends for past patronage, we ask your continued trade for another year. We give you better horse-shoeing, and take better care of your horses' feet, &c., than any other shop and guarantee to cure corns on your horses' feet. Our repairing department is complete—new wheels, shafts, new tops, etc. Our rubber tires are the best on the market. We build the best wagon beds and frames made. Farmers can save money by having us do their new work as well as repair work. Quick service and best work at reasonable prices.

Get our prices. See our work.

W. T. MANSFIELD & CO. 21-23

BABCOCK TEST FOR MILK AND CREAM

It is Necessary To Know the Amount of Butterfat in Dairy

RETAIN HIGH-PRODUCING COWS

Instructions How to Make Correct Tests—Precautions to Be Observed to Insure Satisfactory Results.

This test is used to determine the amount of butter fat in milk and cream. Its use in connection with a milk scales furnishes the farmer a quick and simple means of finding out exactly how much butter each cow in his herd is giving. Knowing this, he can then retain the high-producing cows in the herd and use their offspring to secure still further improvement in the herd yield.

A complete testing outfit costs from \$5 to \$20, depending upon the capacity. Complete directions are sent with each outfit, and by following these any farmer can easily make quick and accurate test.

The apparatus used consists of (1) a whirling machine or centrifuge, (2) graduated test bottles, (3) a glass measuring pipette, (4) a glass acid measure, (5) a bottle of ordinary commercial sulphuric acid.

How to Make the Test.

(1) Thoroughly mix the milk by pouring or stirring and take out a small amount—a few spoonfuls will be sufficient.

Babcock testing outfit—Price complete, \$5.00.

(2) Suck milk up into glass measure pipette until it comes above the 17.6 c. m. mark. Suddenly close the upper end of the pipette with the finger. By slightly releasing the pressure of the finger allow the milk to drop out of the lower end until it comes exactly to the mark on the pipette, when it is stopped by pressing down firmly with the finger. Carefully transfer milk from pipette to test bottle, being careful not to lose a particle of milk in making the transfer.

(3) Measure out acid into measure cup, which is marked to indicate the proper quantity. Pour acid into test bottle with milk. Thoroughly mix acid and milk by shaking gently.

(4) Place test bottles containing mixture of milk and acid in whirling machine, making certain that the machine is balanced. Turn the machine for five minutes at the speed indicated upon the crank. Stop the machine and add hot water (which should be perfectly clean and nearly at the boiling point) until mixture reaches base of test bottle neck. Whirl again for two minutes. Stop machine and add hot water with pipette to the 8 per cent mark on neck of bottle. Whirl again one minute.

This completes the test and the butterfat is shown as clear or light straw-colored liquid in the upper part of the bottle neck. The sulphuric acid has acted on the constituents of the milk, setting free the butterfat. The hot water added brings the liquid mixture up into the neck of the bottle and the whirling causes the bottles to fly out into a horizontal position. The acid mixture being heavier is thrown toward the outside, the butterfat, being lighter, is forced toward the center and into the neck of the bottle. This is divided into 10 equal spaces, representing 1 per cent.

The Test is Then "Read." Suppose the upper end of the fat column extends to the 8.2 mark and the lower end of the column to 3.6. Subtract 3.6 from 8.2. This gives 4.6 per cent, which is the percentage of butterfat in the sample. This means that in 100 pounds of the milk there are 4.6 pounds of butterfat.

Precautions To Be Observed.

(1) Test bottles must be thoroughly cleaned and the inside free from gases.

(2) whirling machine must be kept well oiled (3) acid bottle must be kept tightly stoppered else the acid will lose its strength, (4) sample must be thoroughly mixed, (5) the fat column must be measured at once before the fat hardens.

Following the last whirling, it is best to set bottles in a pail in which is placed enough hot water (140 degrees F.) to come nearly to the top of the neck of bottles.

It is well to order a few extra test bottles to replace bottles broken in use, and an extra pipette.

Cream is tested by the use of a special cream bottle. A special pipette (18 c. c.) is needed.

Successful Everywhere.

People everywhere are talking of the quick and fine results Foley's Kidney Pills give in backache, rheumatism, kidney and bladder troubles. You cannot take them into your system without good results. That is because Foley's Kidney Pills give to the kidneys and bladder just what nature calls for to heal those weakened and inactive organs. All druggists.

FEEBLE OLD PEOPLE

Are Told How to Regain Strength and Vigor.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectively than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, I am sure you would be unable to supply the demand. I never took anything before that did me so much good as Vinol. It is the finest tonic and strength creator I ever used in my life."

If Vinol fails to build up the feeble, old people, and create strength we will return your money.

P. S.—Our Saxe Salve stops itching and begins healing at once.

B. L. Middleton, Richmond, Ky.

Some Consolation.

The Secretary of State says that automobile owners are dodging taxes and, as the Louisville Times remarks, it's a hopeful sign to know that they are dodging something.

Horrible Blotches of Eczema

Quickly cured by Dr. Hobson's Eczema Ointment. C. P. Caldwell, of New Orleans, La., states: "My doctor advised me to try 'Dr. Hobson's Eczema Salve.' I used three boxes of Ointment and three cakes of Dr. Hobson's Derma Zema Soap. To-day I have not a spot anywhere upon my body and can say I am cured." It will do the same for you. Its soothing, healing, antiseptic action will rid you of all skin humors, blackheads, pimples, eczema blotches, red, unsightly sores, and leaves your skin clean and healthy. Get a box to-day. Guaranteed. All druggists. 50 cents or by mail. Pfeiffer Chemical Co., Philadelphia or St. Louis. Feb.
